EXPERIENCE

AI/Cloud Intern

May 2024 - Present

ISmile Technologies | Bolingbrook, IL

- Gathered and organized datasets crucial for AI model pre-training, ensuring data integrity and optimal model performance.
- Led and developed a full end-to-end project for internal company use
- Implemented AWS cloud services to support creating and deploying AI models, leveraging scalable and cost-effective solutions.
- Developed a comprehensive, step-by-step guide for setting up AI projects on AWS, streamlining project initiation, and ensuring consistent deployment practices.

PROJECTS

Ruby on Rails App - Project Management Solution

- Designed and developed a Ruby on Rails-based project management solution from the ground up, offering an intuitive and user-friendly platform for managing tasks, and timelines
- Implemented design principles, ensuring optimal user experiences across various electronic devices

VOLUNTEER EXPERIENCE

Youth Coordinator

July 2021 - Present

Muslim Association of Bolingbrook|Bolingbrook, IL

- Leading weekly youth group meetings, fostering a welcoming and inclusive environment for young members of the community
- Organizing educational workshops, seminars, and discussion sessions on topics relevant to youth development, character building, and religious studies
- Facilitating interfaith dialogues and community outreach programs to promote understanding and tolerance of different faiths
